

2018 SHERWIN FAMILY VINEYARDS ESTATE CABERNET SAUVIGNON

Our Flagship wine, the Estate Cabernet is made entirely from fruit from our 17-acre vineyard at the top of Spring Mountain. Our goal is always to let the richness and complexity of the mountain fruit take center stage, and the 2018 vintage is a great example of that. The vibrant, lush fruit is framed by refined tannins and subtle nuances of French oak, leading to an elegant expression of intensity. This wine is ready to enjoy now or to lay down in your cellar to further enhance its complex flavors.

In 1996, the Sherwins purchased 30 acres at the top of Spring Mountain and began their Wine Country adventure. In late 1999, Sherwin Family Vineyards released their first wine, a 1996 Spring Mountain Cabernet Sauvignon.

Sherwin lost their wine making and hosting facility in the 2020 Glass Fire. Since then Mike has rebuilt their property.
